

January Update

Happy 2022 WiGL Owner!

We wanted to let you know that WiGL will be starting a Reg A+ fundraising round very soon. As the 1st Reg CF to hit the \$5M cap in StartEngine history, we are excited to enter the capital raise arena again to help WiGL gain market share and name dominance.

We are excited about this next chapter of growth with you and welcome new investors/co-owners. We will “text” you when the Reg A+ WiGL StartEngine page is up.

Texting is one of our newest methods of communication and our team looks forward to using this mobile service to keep you updated.
